

WORKSHOP ON CONSTRUCTION & ENGINEERING DISPUTES

Construction and Engineering related works are taking place at a large scale in Bangladesh in almost all sectors. Construction of different public projects like bridges, power plants, LNG terminals, roads, flyover, railways, dams, seaport, river port etc. are going on at a faster pace. Similarly private sector is also involved in constructing shopping centers, amusement parks, Hotel, Hospital etc. Legal services in this sector is required both by the employer and contractor, The services often involves due diligence, preparing few construction agreements, e.g. EPC, O & M, sub-contracting agreement, tender documents, bid documents, negotiation of bid etc. Construction related disputes resolution is increasing due to increase in the volume of transactions. The Purpose of this workshop is to bring awareness & increase compliance culture.

The target audience are :

- Multinational & foreign investors, Project companies
- EPC , O & M Contractors
- Business houses & local companies.
- In house Lawyers etc.

The participants will benefit from knowing:

- Different Construction & Engineering Agreements
- Common Disputed areas
- Dispute Resolution Process

"Their response times are excellent and they make you feel generally very well informed."
