

# Investment Department

Rahman's Chambers is one of the leading law firms in the investment area. The Firm for nearly a decade has been successfully handling claims for both local and foreign clients. The lawyers in our investment department, comprising both experienced senior and junior members, knows the urgency and procedures of dealing with such related matters, covering different areas of practice, such as:

## CAPITAL MARKET

Capital Market in Bangladesh is constantly refining itself to achieve perfection in regulation etc. In recent past the market suffered serious blow for several reasons which includes among others regulatory weakness. However, in recent times plenty of reforms have been made by strengthening regulations, by amending laws, issuing new rules and regulations etc. The promoters and large sector entrepreneur heavily rely on Capital Market for capital required for their business growth. Our Capital Market witnessed good entrepreneurship and growth of efficient local and foreign companies even in falling market. On the other hand, small investors have suffered by investing in companies who are unable to manage their investment.

## FOREIGN INVESTMENT AND BUSINESS SET UP

Bangladesh is the 2nd largest manufacturer of the world; hence it attracts huge foreign investments in this sector. Besides Foreign Investors who have already invested in Bangladesh are investing on other business sectors. There are other small but emerging sectors where Foreign Investments is rapidly increasing, for e.g.: construction engineering, power energy & other infrastructure projects, agriculture, IT etc. To cater the need of Foreign Investors for setting up companies, branch office, liaison office and also to help in securing employment visa (E-VISA), investor's visa (PI VISA), business visa (B-VISA), work permit etc. legal assistance is often required. Special legal support is required for setting up business in export processing zones. In recent years due to the change in Government policy, the attention of the investor's are attracted for setting up business in special economic zones under development. Investors are also considering investing in LNG terminals, sea ports, construction of dam & embankment, bridges etc.

## GLOBAL INVESTMENT & CITIZENSHIP

In an era of Globalization, visa free travel and ease of mobility not only bridges the gap between nations and international businesses, but also saves much needed time and money, which are an absolute essential for any business related people. Citizenship and passport or even permanent residency in another country could usher in greater opportunity and advantage from a business perspective. In cooperation with leading global advisory firms, we assist our clients potentially businessman with ability to invest lawfully in another country for permanent residency or passport and citizen of a third world country requiring better passport or permit allowing him or her to travel abroad with ease.
