Re: Recommendation for Rahman's Chambers, Barristers, and Advocates in Bangladesh.

This letter is issued in favor of Rahman's Chambers, IT Department, who have successfully able to render legal consultancy services involving Information Technology (IT) laws of Bangladesh, in particular e-commerce.

The firm gave very clear advice on several aspects involving IT and e-commerce and also impact of the FOREX rules and regulation over operating and making transaction through our mobile applications which are primarily targeted for our other retail clients globally.

We recommend the services of the IT department for their proven ability, knowledge, and expertise to deal with IT and related matters for any client who needs such services in Bangladesh.

Yours Sincerely,

Ivan Maltsov
Deputy Head of Legal
